Proudly Australian & Family Owned

As a family owned Australian business, Architectural Designer Products has come a long way since its humble beginnings in 2001. CEO Andy's creativity and drive has led ADP to become Australia's largest and most innovative bathroom furniture manufacturer.

Andrew Jones,

ADP is proud to be in the homes of many Australians, creating functional and timeless bathrooms and laundries.

BATHROOM COLLECTION

The Bathroom collection encompasses a range of vanities, shaving cabinets, basins, mirrors, baths and more. After many years of experience in this space, ADP naturally expanded to include a Tapware Division and Laundry Division.

TAPWARE COLLECTION

Andy's daughter, Jamie-Lee has been influenced by design from a young age. Her interest in fashion and interiors led her to curate the ADP tapware collection, focusing on the finer details of tapware and bathroom accessories.

LAUNDRY COLLECTION

ADP's next focus was to create laundries that you wouldn't want to close the door on. This Laundry Division boasts a versatile collection of cabinetry, solid surface benchtops, sinks, and laundry accessories.

PLAN YOUR SMALL SPACE

Create the illusion of space

• Colour

Use light wall colours like pastels, whites and light neutrals. They open up the space and reflect more light.

Mirrors

Large mirrors extend the powder room beyond its footprint.

Lightine

Use natural lighting as much as possible in the form of windows and skylights.

Wall Hung

A wall hung vanity creates the illusion of space that a wall basin provides by showing more of the floor, while also having the benefit of added storage.

Technology

Make use of clever space-saving technology, like the side opening hinge on the Mirco vanity.

Dual purpose

Use bathroom accessories that can serve multiple purposes, such as hooks, or the Staten Freestanding Toilet Caddy, which doubles as a toilet roll holder.

Toilet

Consider maximising your space by using a wall hung toilet and concealed cistern.

• Seamless design

Match grout to tile colour for a seamless effect.

Scale

Beware of scale when choosing your vanity, artwork and any other furniture or decorative pieces. Anything too large will dominate the space and make it feel smaller, with the exception of large mirrors.

Heigh

If possible, consider raising the height of the ceiling. This will create an airy feel, even if the room is small.

Semi-recessed basins

Semi-Recessed basins give the illusion of more space because the cabinet is generally slimmer than the basin.

Recessed cabinetry and storage

If possible, recesss a shaving cabinet into the wall or create a tiled, recessed niche in your shower for added storage without projection.

Powder Room Configuration

2 0 0

Surroundings

- Be mindful of leg room.
- Ensure your vanity will clear swinging or sliding doors.
- Ensure there is room to open vanity doors.

Accessability

 Consider vanity access from the toilet for keeping spare toiletries.

Style

- Utilise dual purpose accessories.
- Create the illusion of space with large round mirrors.
- Use light colours for paint, tiles and finishings to visually open up the space.

Custom Vanities

Many of our vanities can be customised to meet your needs. Customise one of our existing vanities by stretching the length, upgrading to Classic routed fronts, choosing a custom colour, or upgrading to a 60mm benchtop. Alternatively, you can design your own vanity to perfectly suit your specifications.

A Timeless Collection of Freestanding Baths

We have tried and tested all of our baths for comfort and quality. You can be rest assured that your ADP bath will be as comfortable as it is beautiful.

Our European engineered baths bring you the highest quality design and attention to detail.

All of our baths are made with a Cast Marble core which preserves the water temperature longer than other acrylic alternatives, providing you with a pleasant long-lasting bath.

How to choose a bath that's right for you?

Consider how much space in your bathroom you have for a bath. Also consider who will be using the bath most regularly.

Will the kids be in it every night, or will it be used for a leisurely soak on the weekends?

Your bath should be a continuation of the style in the rest of your bathroom. Whether you prefer a contemporary or classic look, showstopping or timeless, we have a bath to match your style.

All of our baths have been tried and tested for comfort and quality. We offer a range of baths in different shapes to suit various comfort preferences. Comfort is a personal choice, so explore the full range of options.

Our range encompasses both Matte and Gloss finish baths. Matte finish baths make an elegant statement piece in your bathroom, while Gloss finishes are timeless and perfect for everyday family life.

Our products come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure upon inspection by an authorised representative where a product is found to be defective in construction, material or assembly. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure, free of charge.

CONDITIONS

- 1. Items must be installed by a licensed tradesperson.
- 2. Failure is due to a fault in the manufacture of the product.
- 3. Proof of purchase is provided.
- 4. The installation of the product is in accordance with the instructions provided.

EXCLUSIONS

To the fullest extent permitted by law, the manufacturer excludes all liability for damage or injury to any person, damage to any property and any indirect consequential or other loss or damage. Manufacturer will not be liable for the cost of installation or removal of any unit and the warranty will be VOIDED if damage occurred during or after INSTALLATION or a damaged or incorrect unit has been installed. Door and drawer adjustment; Unsuitable or improper use; Incorrect installation or installation not in accordance with the instructions provided; Installation or part installation by the purchaser or any person other than a LICENSED tradesperson; Normal wear and tear; Inadequate or complete lack of maintenance; chemical, electrochemical or electrical influences; excessive heat damage or Harsh detergents or abrasive cleaners used on product finishes, are NOT considered a warranty issue.

CLAIM PROCEDURE

If you cannot identify basin, top or cabinet material of your product, contact your merchant or see product information at www.adpaustralia.com.au.

TIPS

- ADP products are produced from materials that are well suited to the bathroom, however it is important that your bathroom has sufficient ventilation to avoid excessive moisture. High humidity will lead to permanent dampness and mould, resulting in deterioration of the materials
- Care must always be taken to dry any excessive moisture or water spillage.

CABINETS

- To maintain the finish on your cabinet use only a soft cloth and weak solution of non abrasive detergent.
- To remove scratches, marks, etc. on two pack polyurethane, rub gently with car cutting compound, car polish or household brass/
- Goods used in construction are water/moisture-resistant, but not water-proof.
- All cabinets should be installed at least 300mm away from showers or bathtubs to avoid water damage.

CAST MARBLE & ACRYLIC

- To maintain the finish on your Cast Marble or Acrylic top use only a soft cloth and weak solution of non-abrasive detergent.
- To remove scratches, marks, etc. rub gently with car cutting compound, car polish or household brass/silver cleaner.

CERAMIC BASINS AND TOPS

- To maintain the finish on your ceramic top use only a soft cloth and weak solution of non abrasive detergent.
- Due to the glazed surface of ceramic tops, scratches cannot be repaired or removed.
- Due to ceramic being a handcrafted product that is fired at high temperatures, some visual distortion may occur. This is not a defect but can be seen to add to the beauty of the product.

SOLID SURFACE / CHERRY PIE / FRIDAY HYBRID QUARTZ / CAESARSTONE

- Wipe clean with a soft damp cloth or sponge.
- For basic stains clean with mild detergents. For **gloss and semi-gloss** surfaces you can use a non abrasive polish or Brasso. For **matte** surface use a scourer pad or scotch bright to maintain the matte finish.
- Cherry Pie, Friday Hybrid Quartz[™] and Caesarstone® benchtops have excellent heat and chemical resistant properties compared to other surfacing products, however to preserve the surface and protect against damage from heat, do not place hot items directly on the surface. Even though Cherry Pie, Friday[™] and Caesarstone® can withstand high temperatures, prolonged periods or extreme heat can cause permanent damage.

BAMBOO

- Use a soft dry microfiber cloth and mild detergent. Remove residual detergent with a damp cloth.
- · All spills should be cleaned immediately. Dry the surface with a soft, clean dry cloth to remove all water and to reduce streaking.
- A non-abrasive household cleaner may be used.

MIRRORS

FOR BEST RESULTS - use a slightly moistened microfibre cloth to remove dry dirt or grime, then buff clean with dry microfibre cloth or use a soft dry cloth with a tight weave (which is more soft and non-abrasive). This will leave you with a clean, smear-free finish. By using alkaline (ammonia) or acid (vinegar) based products you not only risk damaging the silvered backing of the mirror, but also tend to leave behind streaks and smears.

DO NOT use ammonia-based cleaning products such as glass cleaner. These may erode the mirror's silver backing. Be sure to read the label of any such cleaning products before use.

PROTECTION AGAINST 'BLACK-SPOTTING' - Alkaline, acid and moisture elements can cause the silvered backing of a mirror to darken, this is usually referred to as 'black-spotting'. An easy way to protect your mirror against black-spotting is to regularly oil any exposed edges (i.e. polished or bevelled edges), using non-petrolium based oils (eg. sewing machine oil). This will act as a seal to protect against such elements. Always remember to keep your mirror dry and wipe off any water, moisture or steam.
